

Arizona Attorney General Terry Goddard

**Educating ♦ Protecting ♦ Empowering
Arizona's Consumers**

"Prevention is the best way to stop criminals. By giving more Arizonans information about consumer fraud and resources available for help, more people will spot the red flags and protect themselves and their loved ones." **Terry Goddard, Arizona Attorney General**

Community Services Program

The Arizona Attorney General's Community Services Program provides educational programs that focus on consumer fraud and protection of civil and victims' rights for community groups interested in learning more about these areas. Community Services Program staff focus on Arizona's most vulnerable populations, including seniors, minorities and recent immigrants. A corps of volunteers generously donates their time to enable these services to be offered in communities throughout Arizona.

The Community Services Program includes **Satellite Offices** throughout Arizona. These offices provide community-based venues that make it easier for residents to access information on consumer fraud, civil and victims' rights and other topics affecting the most vulnerable members of the community and the general population. Volunteers staff satellite offices, make educational presentations for community groups, distribute educational materials at community events and assist individuals with filing complaints or referrals for assistance.

As part of Attorney General Goddard's 2005 Consumer Protection Initiative, volunteers will be providing presentations to community audiences on Identity Theft and Predatory Lending. These presentations feature educational videos produced by the Arizona Attorney General's Office designed to help consumers protect themselves against identity theft and predatory loans.
